

Productivity Solutions Grant (PSG)**生产力提升计划****What is it?**

Introduced in April 2018, the Productivity Solutions Grant (PSG) supports Singapore small and medium-sized enterprises (SMEs) to improve productivity and enhance business processes through a wide range of productivity solutions, including IT solutions and equipment.

These solutions have been pre-scoped in alignment to respective industry roadmaps by various government agencies such as Enterprise Singapore (ESG), Infocomm Media Development Authority (IMDA), National Environmental Agency (NEA) and Singapore Tourism Board (STB).

Currently, PSG provides companies up to 80%¹ of funding support to adopt the pre-scoped solutions. The list of supportable solutions for PSG can be found on GoBusiness Gov Assist (<https://govassist.gobusiness.gov.sg/productivity-solutions-grant/>).

What is being enhanced?

The enhanced PSG support level of up to 80% will be further extended by six months.

When will it be implemented?

The enhanced support level will be extended from 30 September 2021 to 31 March 2022. The support level will revert to up to 70% thereafter.

-END-
