MINISTRY OF TRADE AND INDUSTRY
6 July 2018

¹ The advance GDP estimates for the second quarter of 2018 are computed largely from data in the first two months of the quarter (i.e. April and May 2018). They are intended as an early indication of the GDP growth in the quarter, and may be revised when more comprehensive data become available. Due to incomplete data, disaggregated advance GDP estimates will be available for the manufacturing, construction and services producing industries only.
